## General Consent Form 2022

Dear Parent/Carer

In line with NSW Department of Education guidelines, the school is required to obtain parental consent to enable students to participate in a range of general school activities as discussed below.

**Photographs:** Through the year students' achievements are recognised in publications such as the school newsletter, school website, official Facebook page, annual report, and the local press. Students also have official school photographs taken.

**Technology:** All students are issued with a student email address by DoE and have access to the internet via the DoE student portal.

As part of educational studies there may be opportunities for students to walk to the local business district. Usually this will include a permission note. However, for practical Agriculture lessons to the farm and Friday sport, walking to the venue is conditional to enrolment where resources are based in the local Wingham area.

Please complete the General Consent form below and return it to *Student Services*. Students who have not returned this form may not be allowed to have their photograph taken or have access to email/internet facilities. If you **DO NOT** give permission for your son/daughter to participate in any of the above activities, please attach your **written objections** and return them with the form.

Paul Ivers  
Principal
