General Consent Form 2023

Dear Parent/Carer

In line with NSW Department of Education (DoE) guidelines, the school is required to obtain parental consent to enable students to participate in a range of general school activities as discussed below.

Photographs: Throughout the year students' achievements are recognised in publications such as the school newsletter, school website, official Facebook page, annual report, and the local press. Students also have official school photographs taken.

Technology: All students are issued with a student email address by DoE and have access to the internet via the DoE student portal.

Local excursions: As part of educational studies, students may have opportunities to walk to the local business district. Usually, this will include a permission note. For some Agriculture lessons at the school farm and local sports, walking to the venue is conditional to selecting that course or sport where resources are based in the local Wingham area.

Please complete the general consent form below and return it to Student Services as soon as possible. Students who have not returned this form may not be permitted to participate in some activities, have their photograph taken or have access to email/internet facilities. If you **DO NOT** give permission for your student to participate in any of the above activities, please attach your **written objection** and return it with the form.
